

Official Journal of the
GENERIC AND BIOSIMILARS INITIATIVE
GaBi Journal

Building trust in cost-effective treatments

FAST TRACK PAYMENT FORM

GaBi Journal publishes independent, high quality, authoritative and peer reviewed scientific papers concerning the research into and development of cost-effective medicines, irrespective of their sources. This covers manuscripts in all aspects of generic and biosimilar medicines, including but not limited to development of formulations, production, testing (including equivalence – *in vivo* and *in vitro*), model development, regulatory issues, supply chain management, and pharmacoeconomics. Experts are highly motivated to share their knowledge and professional experiences through their contributing papers.

For time-sensitive manuscripts, *GaBi Journal* offers Fast Track service for an additional fee. Peer review is completed in five to 10 working days and comments are communicated to the author within three working days upon receipt by the editorial office. Authors are asked to submit a revised manuscript within 10 to 15 working days. Accepted manuscripts are processed within two to three weeks, published online within two business days upon final author approval, and in print in the next available issue.
